

Aquatic Nuisance Control Program 10 V.S.A Chapter 50, Subsection 1455
 Vermont Department of Environmental Conservation, Waterbury, VT (802) 241-3777

FORM E - APPLICATION FOR PERMIT TO USE BOTTOM BARRIERS (BB)

The use of bottom barriers, structural barriers, structural controls, powered mechanical devices, and copper compounds as an algaecide in waters with a surface area of one acre or less located entirely on a person's property and with an outlet where the flow can be controlled for at least three days is exempt from the permit requirements of this Subsection

PLEASE PRINT OR TYPE

1. Applicant's Name		
Street Address		
Town	State	Zip Code
Telephone Number		
Contact Person (if different from Applicant)		
Contact Person's Telephone Number		
2. Name of Waterbody		
County	Town	
3. Total acreage of waterbody	4. Is there an outlet to the waterbody? <input type="radio"/> yes <input type="radio"/> no	
5. Is the waterbody wholly contained on Applicant's property? <input type="radio"/> yes <input type="radio"/> no If no, how much shoreline property do you own (in feet) _____?		
6. Are there any wetlands associated with the waterbody? <input type="radio"/> yes <input type="radio"/> Class I <input type="radio"/> Class II <input type="radio"/> no		
7. Uses of the waterbody (place an x in circle of all that apply) <input type="radio"/> water supply check type: <input type="radio"/> private <input type="radio"/> public <input type="radio"/> watering livestock <input type="radio"/> irrigation <input type="radio"/> boating <input type="radio"/> swimming <input type="radio"/> fishing <input type="radio"/> other Please specify:		

8. Name(s) of (target) plant species to be controlled		
9. Type of bottom barrier (BB) material to be used	10. Weighting devices to be used	
11. Quantity of BB material in feet _____ft along shore x _____ft waterward	12. Total square footage of BB	
13. Water depth where material will be placed (in feet)	14. Proposed installation/removal dates	
<p>15. Attach a sketch or appropriate map indicating the proposed location of the BB.</p> <p>The sketch should include the waterbody shoreline, inlet, outlet, docks, and the precise location of the BB (_____ft along shore x _____ft waterward). Identify Applicant's shoreline and abutting property owners (by full name), and indicate the compass direction north.</p> <p>Attach a map of the entire waterbody that identifies the location of your property and abutting properties.</p>		
16. Name of person installing the BB		
Company Name (if applicable)		
Street Address		
Town	State	Zip Code
Telephone Number		
<p>17. Attach a detailed description of your project. At a minimum, include the following:</p> <ul style="list-style-type: none"> a) discuss why you desire to control the indicated nuisance aquatic plant species; b) provide a history of the problem at the site; c) describe how the BB will be installed, weighted to the bottom of the waterbody, and maintained; d) estimate how long the BB will be needed to control the nuisance aquatic plant species in the waterbody; e) describe the aquatic plant community in the area to be covered; and f) list any rare, threatened or endangered plant or animal species (if known). 		

18. Attach names and addresses of all abutting property owners to the proposed BB installation location.

As APPLICANT, I agree to accept the following conditions:

- a. certify that the statements presented on this application are true and accurate;
- b. guarantee to hold the State harmless from all suits, claims or causes of action that arise from the permitted activity; and
- c. recognize that by signing this application, I am giving consent to employees of the State to enter the subject property for the purpose of processing this application.

Signature of APPLICANT

Date

Mailing Address

Application Checklist:

- Form E Application fee unless exempt
- sketch/maps
- detailed project description
- abutting property owner list
- signature

Based upon review of this application and the proposed project, the Applicant may be required to submit additional information in order for the application to be fully processed.
